

BRING THE VOTE HOME

Millions of Americans Nationwide Depend on Home Healthcare

Across America, millions of seniors depend on the clinically advanced, cost effective, patient preferred home healthcare services that medical professionals deliver to them in the safety and comfort of their own home.

- 3.5 million American seniors receive skilled home healthcare services
- 1.1 million healthcare professionals deliver skilled home healthcare services

Home Healthcare is Critical to New Hampshire Seniors & Jobs

- 21,652 New Hampshire seniors receive skilled home healthcare services
- 67.0% of home health seniors in New Hampshire have five or more chronic conditions
- 4,161 New Hampshire healthcare professionals deliver skilled home healthcare services
- 6,149 jobs (estimated) created by the home health industry
- \$218,746,207 Total estimated impact on labor income, including additional jobs created

Home Health Patients and Clinicians are Mobilizing to Voice their Concern!

Home healthcare beneficiaries make up a rapidly growing portion of the population, but the “homebound” status of Medicare home health beneficiaries makes it difficult for these older and disabled Americans to participate in the electoral process. Bring The Vote Home is dedicated to helping all members of the home healthcare community participate fully in our nation’s democratic process.

Bring the Vote Home was launched to help senior citizens, disabled Americans, their family members, and their home healthcare clinicians participate in elections by offering them tools to register to vote and access absentee ballots. BringTheVoteHome.org provides healthcare clinicians and patients with information regarding:

- Voter registration in each state
- Obtaining an absentee ballot
- Deadlines for registering to vote and submitting ballots

**The Senior Vote Matters! Protect Skilled
Home Health Care for New Hampshire Seniors.**
